**FORMERLY UTILIZED SITES REMEDIAL  
ACTION PROGRAM (FUSRAP) COMMITTEE**

▶ **About the Committee**

The Committee first met in April 1995 to learn more about FUSRAP, hear public comment and begin outlining general principles for guiding the implementation of the Department's FUSRAP efforts. To further Committee development of general guidance on FUSRAP, members participated in the FUSRAP National Stakeholders Forum held in Washington, D.C. in May 1995. The Committee met in St. Louis in June and in Tonawanda, New York in August of 1995 to discuss issues such as institutional controls, equity, cleanup criteria and treatment technologies. The purpose of this meeting at the New Jersey sites is to build upon the issues identified during previous meetings and to continue the process of enhancing stakeholder participation in the development of the guiding principles. These principles will promote consistent and cost effective remedies for FUSRAP projects.

## Department of Energy

Oak Ridge Operations  
P.O. Box 2001  
Oak Ridge, Tennessee 37831-8723

October 16, 1995

The Honorable David Waks  
Mayor  
Township of Wayne  
475 Valley Road  
Wayne, New Jersey 07470-3586

Dear Mayor Waks:

### FUSRAP - MEETING OF ENVIRONMENTAL MANAGEMENT ADVISORY BOARD

On October 30 and 31, a committee of the Department of Energy's (DOE) Environmental Management Advisory Board (EMAB) will meet in Secaucus, New Jersey, to discuss the agency's environmental remediation work under its Formerly Utilized Sites Remedial Action Program (FUSRAP).

FUSRAP is responsible for five sites in New Jersey where radioactive materials exist above cleanup guidelines. These sites are located in Maywood, Wayne, Middlesex, New Brunswick and Deepwater.

EMAB was established by Assistant Secretary Thomas Grumbly as a board of advisors to assist him on various program issues. The FUSRAP committee's aim is to assist Mr. Grumbly so that he may give the program appropriate attention as it pursues its nationwide mission. The goal of the committee, as defined at this summer's National Stakeholders Forum in Washington, D.C., is to propose a set of general principles for guiding the implementation of DOE's FUSRAP efforts. The principles will promote consistent and cost effective remedies across FUSRAP projects.

The meeting of the FUSRAP committee of EMAB will be held at the Meadowlands Hilton, which is located just off of Route 3 in Secaucus. All meetings over the two-day period are open to the public, and a formal public comment period has been set aside for 7 p.m. on the 30th.

Please refer to the enclosed agenda for meeting times and topics.

I hope to see you at the meetings later this month. Your attendance and participation would be of benefit to the program and to the communities affected by the environmental cleanups performed under FUSRAP. If you have any further questions or would like to discuss DOE's work in New Jersey, please call me at (423) 576-5724.

Sincerely,

  
John Michael Japp, Site Manager  
Former Sites Restoration Division
