of Engineers®**

PUBLIC NOTICE

ROAD CLOSURE ON MONEY STREET, LODI

Money Street between Mitchell and Sidney streets will be closed for construction starting on or about **January 19, 2021**. **The closure will be around the clock until further notice.** Please disregard prior notifications that the closure would be in place Monday – Friday from 7:15 a.m. to 4:15 p.m. only. The round-the-clock closure is needed to manage greater than expected groundwater flow into open excavations. On-street parking will also be prohibited within the closure area. The work will also affect access to and from Route 46 West from Money Street as determined by the Lodi Police Department.

The closure will allow U.S. Army Corps of Engineers construction crews to complete soil excavation work under Money Street. Detour signs directing traffic to alternate routes will be posted and Lodi police officers will be on duty.

The closure is for the safety of our workers and as well as for motorists. We regret any inconvenience this may cause and appreciate your cooperation. Please share this information with others as needed. For more information call 551.999.5891.
