

**US Army Corps
of Engineers®**

**PUBLIC NOTICE
CONSTRUCTION WORK AT
REDSTONE LANE/BRANCA COURT
INTERSECTION and VICINITY**

The intersection of Redstone Lane & Branca Court and nearby parts of both roads will be subject to periodic lane shifts or closures starting on or about **July 6, 2021**. Preparations for these changes will start during the week of June 28.

Construction signage will be posted as needed and Lodi Police Department officers will manage on-scene traffic. These measures will allow U.S. Army Corps of Engineers work crews to complete contaminated soil excavations under the roads in the area. Some on-street parking spaces may also be unavailable at times during this work. Please visit www.fusrapmaywood.com or call 551.999.5891 for more information on the project.

These temporary changes are for the safety of our workers and as well as for motorists. We regret any inconvenience this may cause and appreciate your cooperation. You can help by sharing this information with others as needed.
