Dear Ms. Cange:

Re: Draft Remedial Investigation Report for the Maywood Site,  
DOE/OR/21949-337

The New Jersey Department of Environmental Protection and Energy (NJDEPE) has completed its review of the subject document and finds it to be acceptable. In addition and as per our conversation of November 6, 1992, the NJDEPE anticipates the receipt of the Ground Water Remedial Investigation Report as it becomes available for review and comment.

If you have any questions concerning the above please contact me at
