Dear Community Member:

You may be familiar with environmental cleanups that the Department of Energy (DOE) is performing in Maywood, Lodi and Rochelle Park. If so, you may think that when the pile of soil stored in Maywood is gone, the cleanup will be complete. In fact, there are more residential and commercial properties in the three communities that contain low levels of radioactive material in soils that still need to be dealt with in the coming years.

Several weeks ago local officials and DOE representatives began the process of forming a community group that will meet regularly to be updated about current cleanup activities and to provide input to DOE on issues of concern regarding the agency's future work in our communities. DOE is specifically looking for feedback on the options for addressing commercial and government-owned properties (so-called Phase II). Because federal funds for the site are shrinking, and in light of the many challenges still to be addressed, the community group will focus on the difficult issues posed by the Phase II cleanup, such as selecting a remedy for the properties involved.

Representatives from Maywood, Lodi, Rochelle Park, and Bergen County were brought together as a Steering Committee to develop a Mission Statement and Objectives for the community group. The Mission Statement tells the purpose of the organization, and the Objectives suggest, in greater detail, the specific responsibilities of the group.

Because the membership should be diverse and representative of our communities, the Steering Committee is looking for a broad range of community residents including:

- affected property owners
- site neighbors
- civic group leaders
- environmentalists
- real estate professionals
- teachers
- seniors and retirees
- business community representatives

If you are interested in joining the newly-forming, volunteer citizen group or know of others who may be, please complete the enclosed application and send it to the municipal clerk for your community or the facilitator for the Steering Committee by November 25. Feel free to call any of the Steering Committee members listed below if you have questions. We look forward to hearing from you.

Mission Statement

The community group is a forum for open and active communication among the communities of Maywood, Lodi, Rochelle Park, and Bergen County and the active organizations associated with the Maywood site for the purpose of facilitating understanding and resolution of issues.

OBJECTIVES

- To promote mutual understanding and responsiveness among the communities, the county and DOE;
- To obtain and understand information relating to the operation of the Maywood site;
- To provide input to DOE regarding remaining issues;
- To address safety, health, environmental and civic concerns, perception and expectations;
- To listen to concerns of and provide feedback from the communities and to disseminate information;
- To foster programs and activities to support the above.
