and enclosed copy of July 8<sup>th</sup> 1994 From  
Susan CANGE (DOE) To STACY MARINOS AT

also MY FAX OF 6/27/95 To You, also on REASONS  
for the replacement of Ms CANGE as  
site manager at THE MAYWOOD, N.J. site.

Please note in Ms. CANGE's letter what she  
says the application was for the MAY SITE  
respectfully requests withdrawal of the DOE  
JULY 15<sup>th</sup> application. Ms. CANGE would have  
anyone believe that DOE never was issued  
NJDEP permit no. NJ0054500.

Absolutely nothing could be further from  
the TRUTH! THE TRUTH is as follows:  
Read the attachments:

6/19/94 - Letter DOE to Mayor Marinis (Maywood) - "DOE  
must obtain a NJDEP permit."

Ms. O'Leary we do not wish to hear from  
your Mr. Wagoner, Mr. Seay, Mr. Cross,  
Mr. Johnson, Mr. Guimond and we certainly  
do not even want to hear again from  
Ms. Cango, and please confirm that or  
I will send you additional reasons why  
she remain replaced. Will send in any case.  
This is obviously a very serious  
matter which we will also refer  
to Vice President Gore who has  
already been made aware of some  
very questionable DOE activities.

Since it appears we cannot believe  
DOE PERSONNEL THE INVESTIGATION  
SHOULD BE CONDUCTED BY NON DOE  
PERSONNEL.

We will solicit The Vice President.
