Attention: Mr. Mark Guarino

Subject: Maywood Site - Expenditure of Funds Under DOE's Technical Assistance Program

Dear Mr. Guarino:

The purpose of this letter is to provide you an update on the Tri-Borough and County Thorium Coalition's expenditure of funds under DOE's technical assistance program. Under this program, DOE has provided the coalition with a \$50,000 grant to hire a technical consultant to assist in reviews of DOE activities. Bechtel National, Inc. administers this program for DOE.

As of the end of July 1995, we have received and paid invoices which were forwarded to Bechtel by you from your consultant (Teledyne Brown Engineering). As of the end of July, we have paid \$8,406.51. As you can see by the attached cost plan chart, the \$50,000 grant is not expected be exhausted in the near future. Because of the low spend rate, I would encourage the coalition to identify opportunities where your consultant could provide beneficial reviews of DOE activities. As you know, we are in the final planning phases of residential property cleanups. When this work begins later this fall, we would welcome visits by the coalition and/or your consultant to review our field activities.

On another issue, please be advised that Ms. Susan Cange has completed her special assignment within DOE and resumed her site management responsibilities for the Maywood site. She can be reached at (615) 576-5724. If you have any questions or need additional information, please call me at 615-576-4718.

Sincerely,

Michael E. Redmon
Project Manager - FUSRAP
